

THE LEADER IN PRINT AND MAIL HOT MELT WAX TECHNOLOGY

ELITE - THE "INSTANT-DRY"
INKJET

FEATURES

- Hot-melt ink technology
- Clean and safe: non-toxic, non-flammable wax-based inks
- Fast drying wax ink solidifies with no dryer required
- Print onto glossy, coated, porous and plastic stocks
- Reliable and high speed: up to 5 m/s and over 40,000 pph
- Near-laser print quality combined with inkjet speed
- Easy set up and low maintenance

APPLICATIONS

- Flats
- Magazines
- Catalogs
- Books
- Inserts
- Inside folded pieces

ELITE

PIEZO - WAX-BASED INKS

No waiting inline!

For maximum convenience and flexibility in a single print head, choose Elite – instant drying with no post-IR drying required!

Text and graphics combine for excellent print results on flats, magazines, catalogs, books, inserts, and folded mailing pieces

ELITE

THE "INSTANT-DRY" INKJET

WAX-BASED INKS DELIVER
CONVENIENCE AND FLEXIBILITY

When time is of the essence, choose inkjet technology that won't keep you waiting around.

The sophisticated Elite print head provides you with both the convenience and the flexibility of instant-dry capabilities. So you can spend more time focusing on your business...and less time watching ink dry!

Buskro systems are built with a modular, open architecture that will allow you to expand your line as your business grows.

- High quality
- Easy to use
- Affordable
- Durable and dependable
- Flexible and upgradeable

All Buskro products feature heavy-duty construction from top to bottom, as well as design details that promote years of trouble-free operation.
